"United States Patent and Trademark Office (USPTO) records indicate that the issue fee has been previously submitted. Applicant may request in writing that the previously submitted issue fee be applied toward payment of the issue fee in the amount identified in the new Notice of Allowance and Issue Fee."

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: the IDS filed 4/9/2007 fails to teach or fairly suggest the pull down driver further comprising an inverter to generate a third control signal in response to the input voltage signal and the first control signal from the pull up driver, and deterioration compensation part to generate the second control signal in response to the input voltage signal, the first control signal from the pullup driver, and the third control signal from the inverter as called for in claim 1. Therefore, claims 1-13 and 15-17 are presently allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
